Allowable Subject Matter

1. Claims 1-27 are allowed.
2. The following is an examiner's statement of reasons for allowance:

With respect to claims 1, 5, 12 and 14, in addition to other elements in the respective claim, the prior art does not teach a programmable flip-flop being configurable to operate in at least first and second modes selectable by a selection means and a third latch control means, such that in the first mode the output of a third latch is the first and second input values multiplexed together and output at twice the clock rate, and in the second mode one of first and second latches is disconnected from the third latch such that the programmable flip-flop operates as a single edge-triggered register clocking out one of the first and second input values from the third latch.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Don P Le whose telephone number is 571-272-1806. The examiner can normally be reached on 7AM - 5PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael J Tokar can be reached on 571-272-1812. The fax
